Subject ERG - latest we have

Sanjay,

has this been or can this be finalized? There are still redline/strikeout and highlighting in the document left over from the exchange of comments during the review.

As we discussed, it would also be helpful to accurately reflect how/when the decision is made for cases that are handled under section 43. Is there a separate document for that or would it make sense to reflect that in the flow chart??

Subject: RE: Draft Agenda for Mtg on March 7, 2012 Prior to Docket Mtg.

---

Here's the latest version of the ERG I have, from 7/15/11 containing the Region 5 comments from June 11th. Best time for a call would be Friday morning or any time that day. Call me whenever you can.
